Cold Water > Gasoline Powered

Like the PG models, the PC cold-water pressure washers offer an array of options and features for cleaning multiple surfaces, but utilize direct-drive instead of belt-drive pumps. Each comes equipped with 50' of Landa's durable wire-braid high-pressure hose, and a thermal pump protector to prevent overheating while in bypass mode. Shock-absorbing rubber feet reduce vibration and prevent movement during operation, and handles on the front and back make these machines a breeze to load and unload.

- Up to 3.8 GPM, up to 4000 PSI
- Powered by a Honda gasoline engine
- Direct-Drive Landa Pump with 7-year warranty
- Rugged 10-gauge steel chassis protected with weather-resistant epoxy powder coat paint
- Two 10-inch, 4-ply, tubed pneumatic tires make for easy maneuvering

Model #	Part #	GPM	PSI	Pump RPM	Pump	Engine	CCs	Ship Wt (lbs)
