

SLX

Hot Water > Diesel or Gas Powered > Diesel/Oil Heated

As large and powerful as they come, the SLX makes easy work of the most stubborn grime and grease, making it ideally suited for the harsh conditions of mining and drilling operations and fleet cleaning. The SLX is the biggest portable pressure washer in the industry, capable of delivering water as hot as 200°F; with up to 9.2 GPM, there is enough flow to support dual-gun operation. A distinctive stainless steel coil top wrap offers protection, and oversize vibration isolators cushion the engine and pump platform. With extra-large heating coils and fuel tanks, these rugged machines will deliver, even under the dirtiest of conditions.

- Especially suited for harsh conditions and fleet cleaning
- Powered by either a diesel Kubota engine or gasoline Honda engine
- Belt-Drive Landa Pump with 7-year warranty
- Delivers enough water flow to operate two spray guns at the same time
- Oversized vibration isolators reduce engine-pump vibration

Model #	Part #	GPM	PSI	Pump RPM	Pump	Engine	CCs	Engine Fuel	Ship Wt (lbs)
SLX10-25324E	1.110-525.0	9.5	2500	1560	LX1036L.2	Honda GX690	688	Gasoline	2020
